HAIR RESTORATIVE.

Says the ot. Louis (Mo.) Demoorat: lle-low, we publish a letter to Dr. W. ot, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

Professor O. 1. Wood & Co:

**GENTLEMEN: Having my attention called a few months since to the highly benefisial effects of your hair estorative, I was induced to make application of it upon my own nair, which had become quite grey, probably one-third white; my whisters were of same character. Some three minths since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. Lusadit about, week. I have since procured another bottle, of which I have used some. I can now certify to the world that the grey or white hair has totally disappeared, but no my head and face, and my hair has resumed its natural color, and I believe, more soft and glossy than it has been before for twenty-flev years. I am now sixty years old; my 201 wife at the age of fifty-two has used it with same effect.

The above notice I deem due to you for your valuable discovery. I am assured that, will not have occasion to contradict my statements. I am a citizen of this city and a resident for twenty-flevy years, and an known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is not your service, as I wish to preserve the beautices of nature in others as well is my set [I am, truly, yours, A. C. RAYMONI), yours, A.
